

Yellow Comet Rockets instructions

step 1

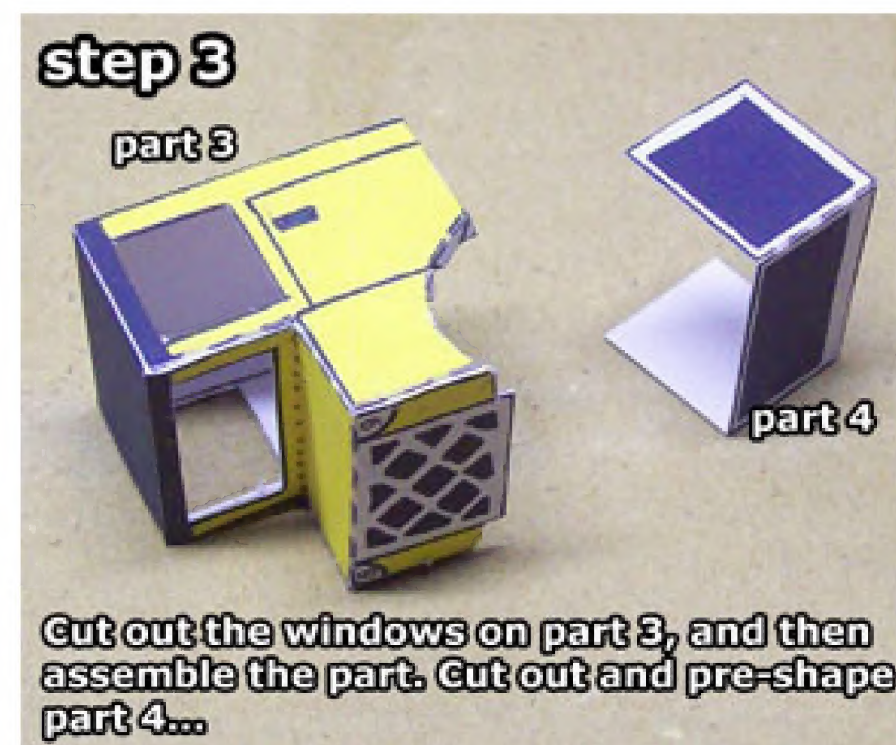

For best results, print the parts on thicker paper (I always use 200 gsm paper). You'll need a knife, glue and a cutting surface, and any other tools you think might come in handy! ;o)

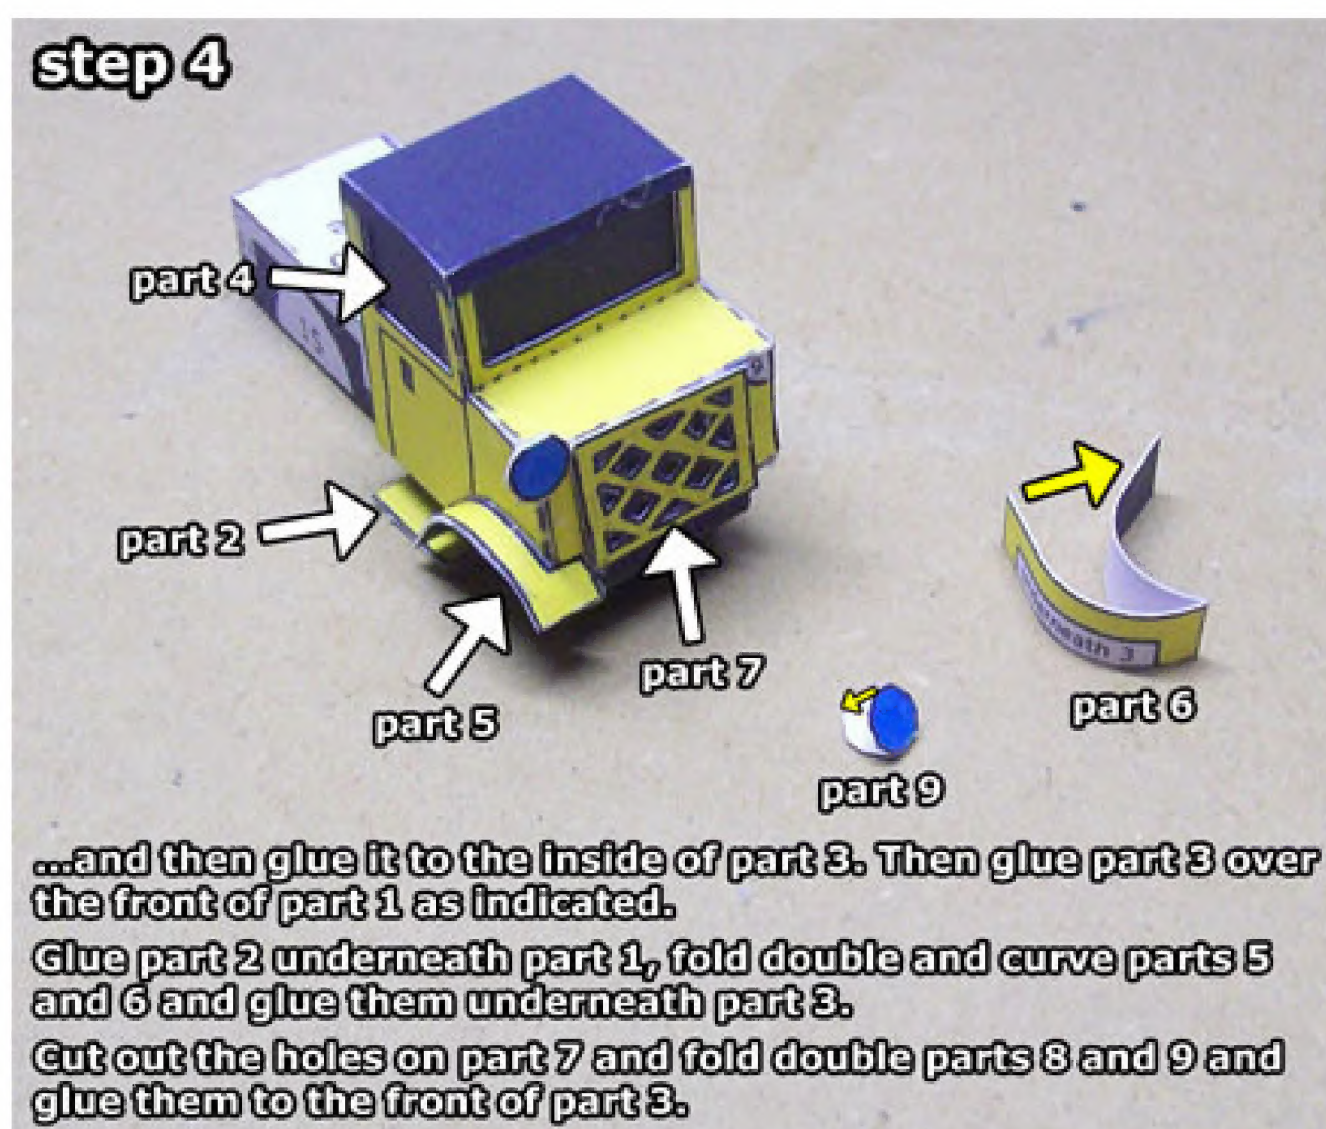

step 2

step 3

step 4

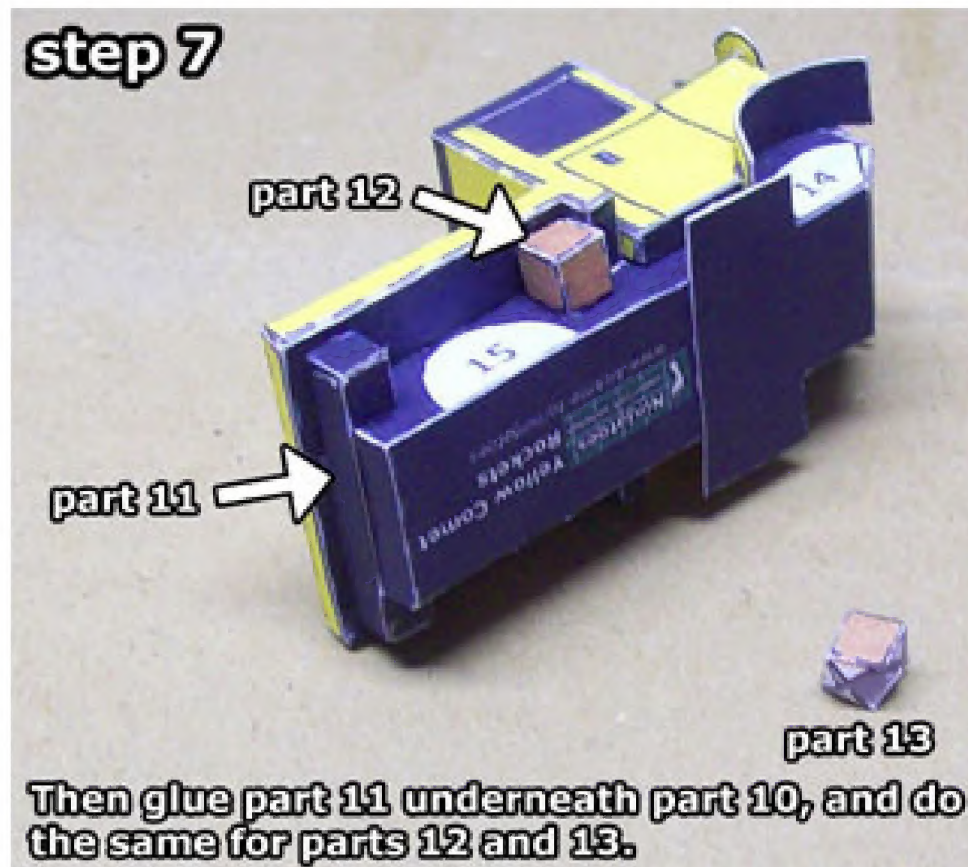

step 5

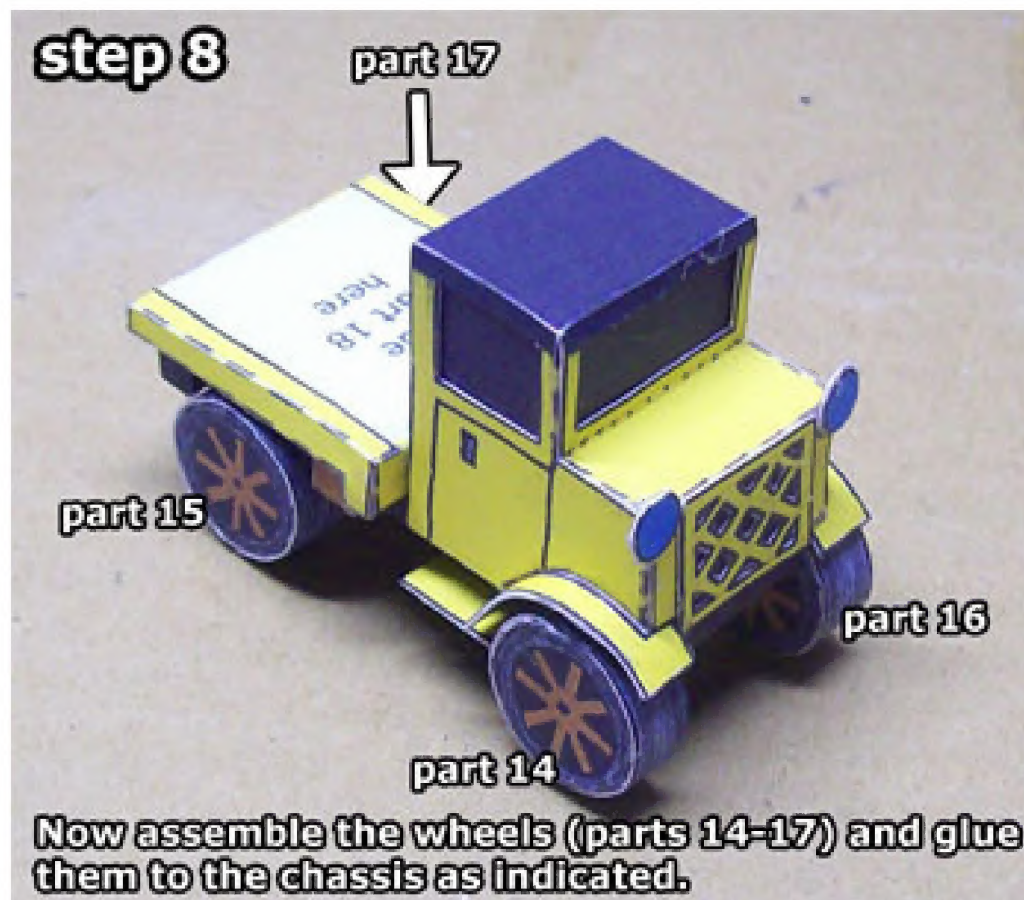

step 6

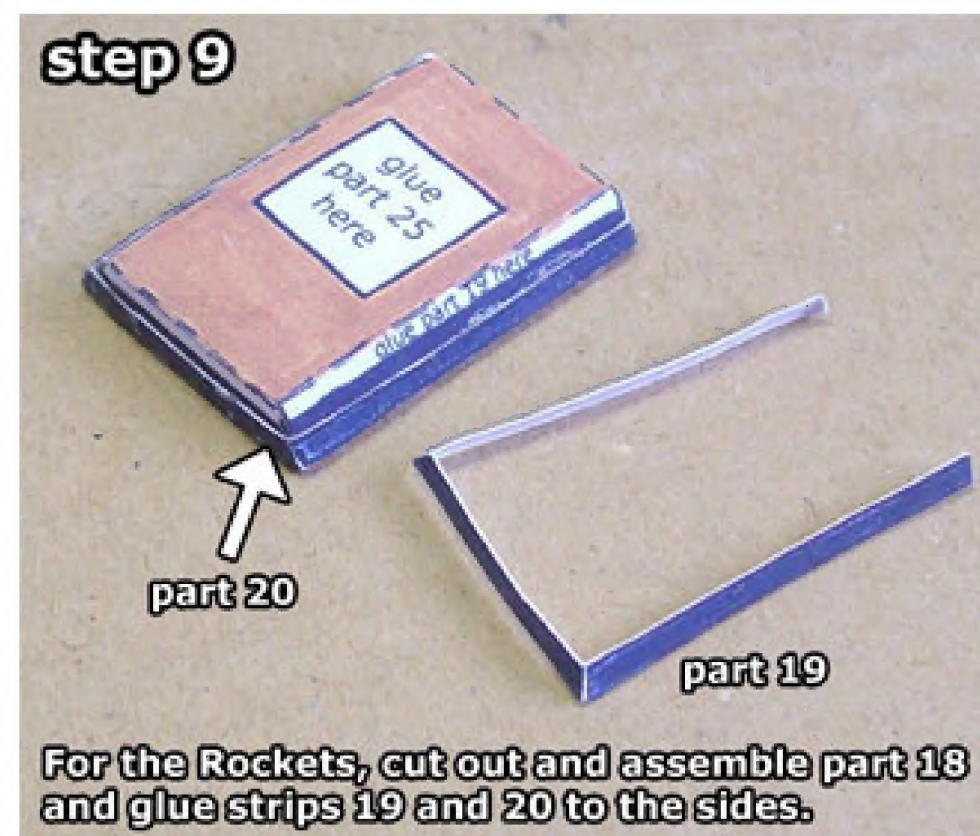

step 7

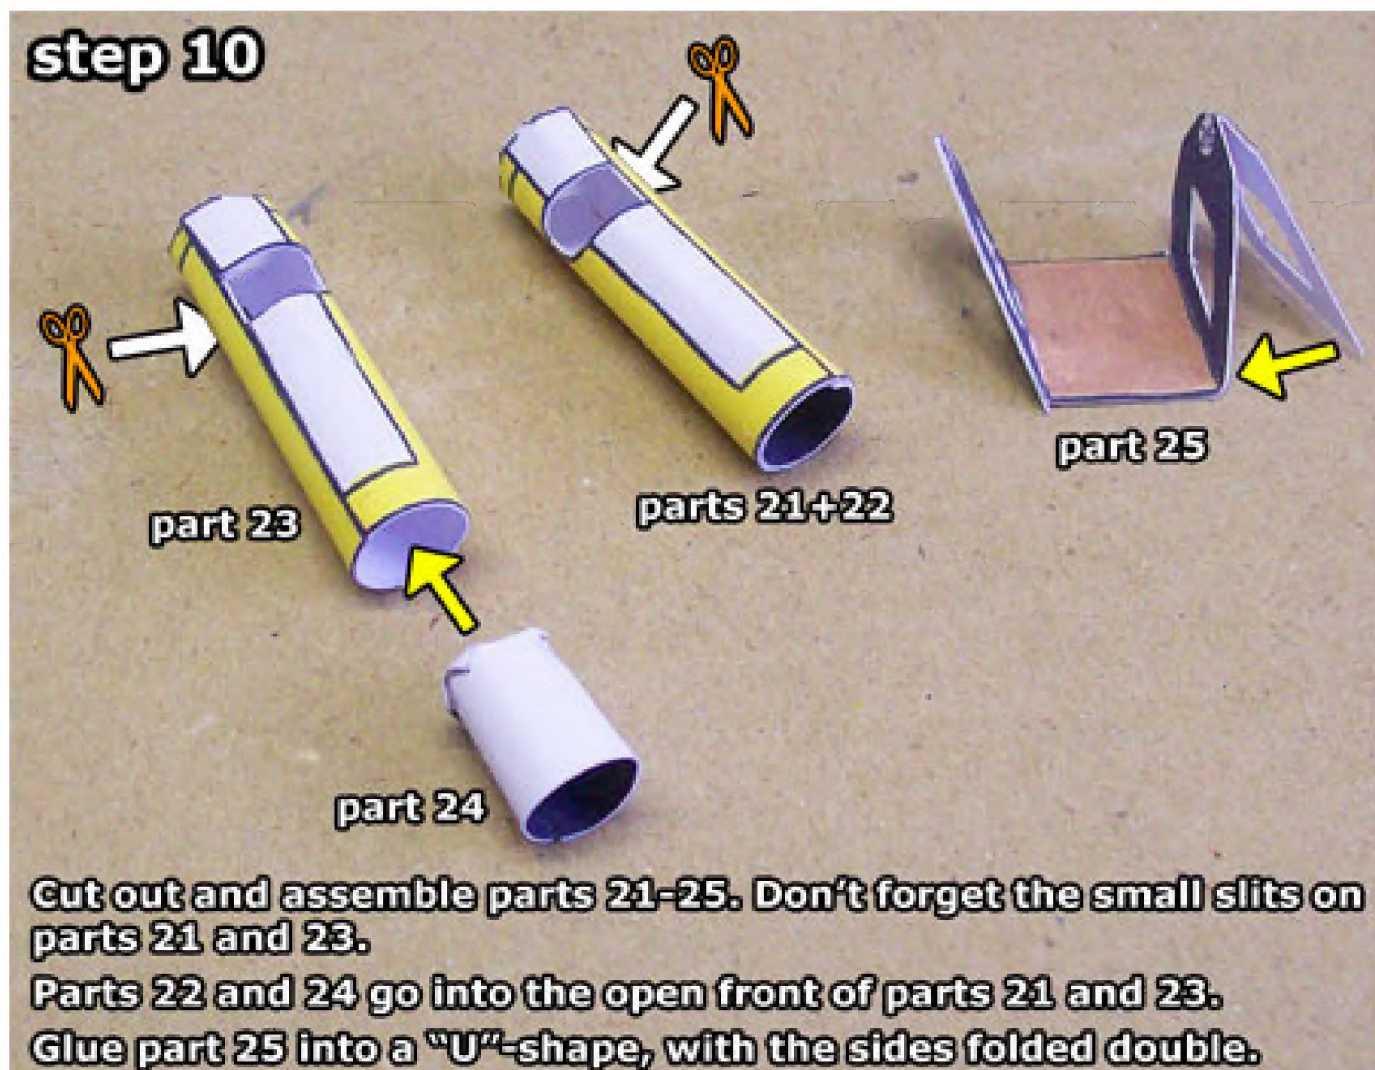

step 8

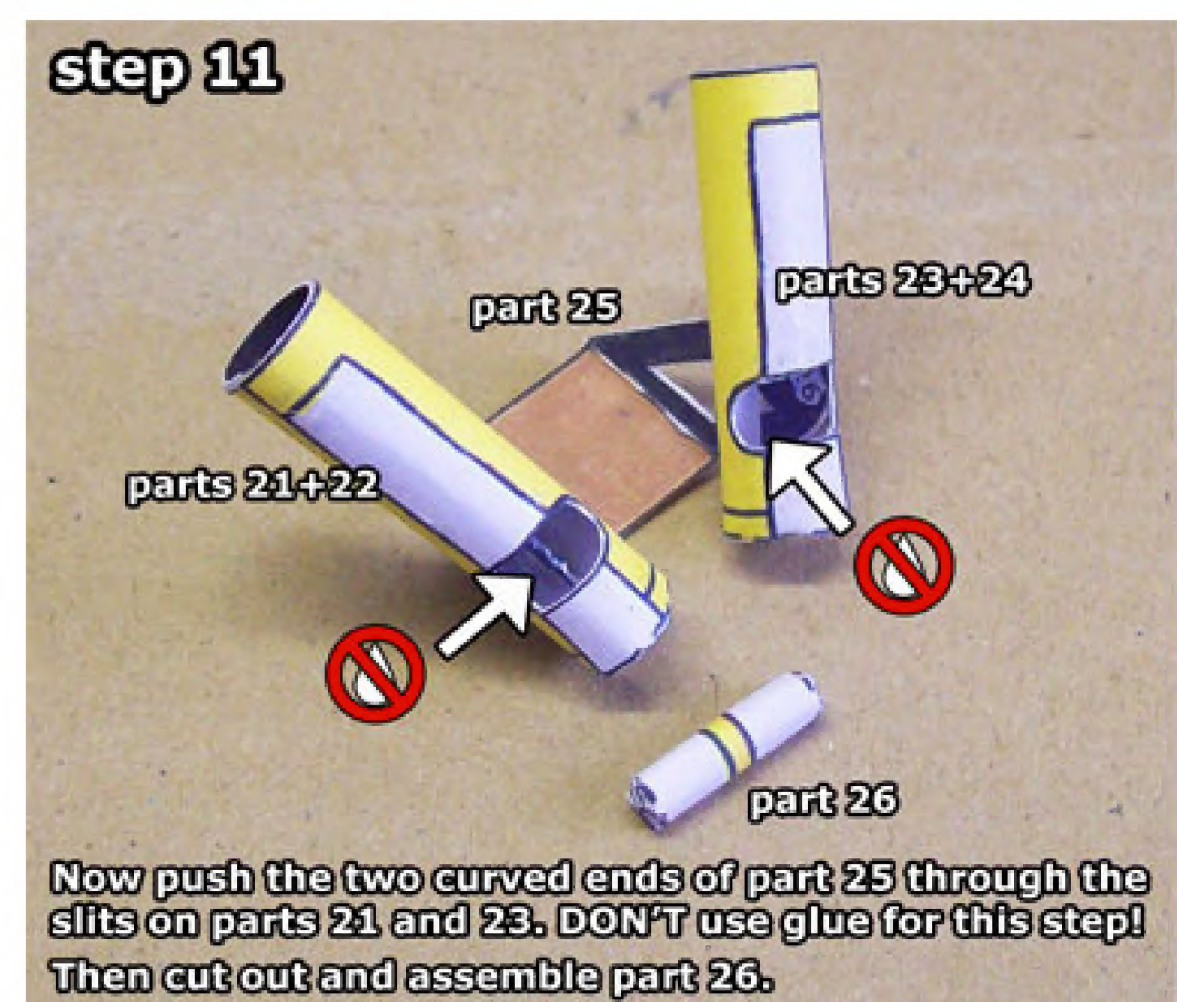

step 9

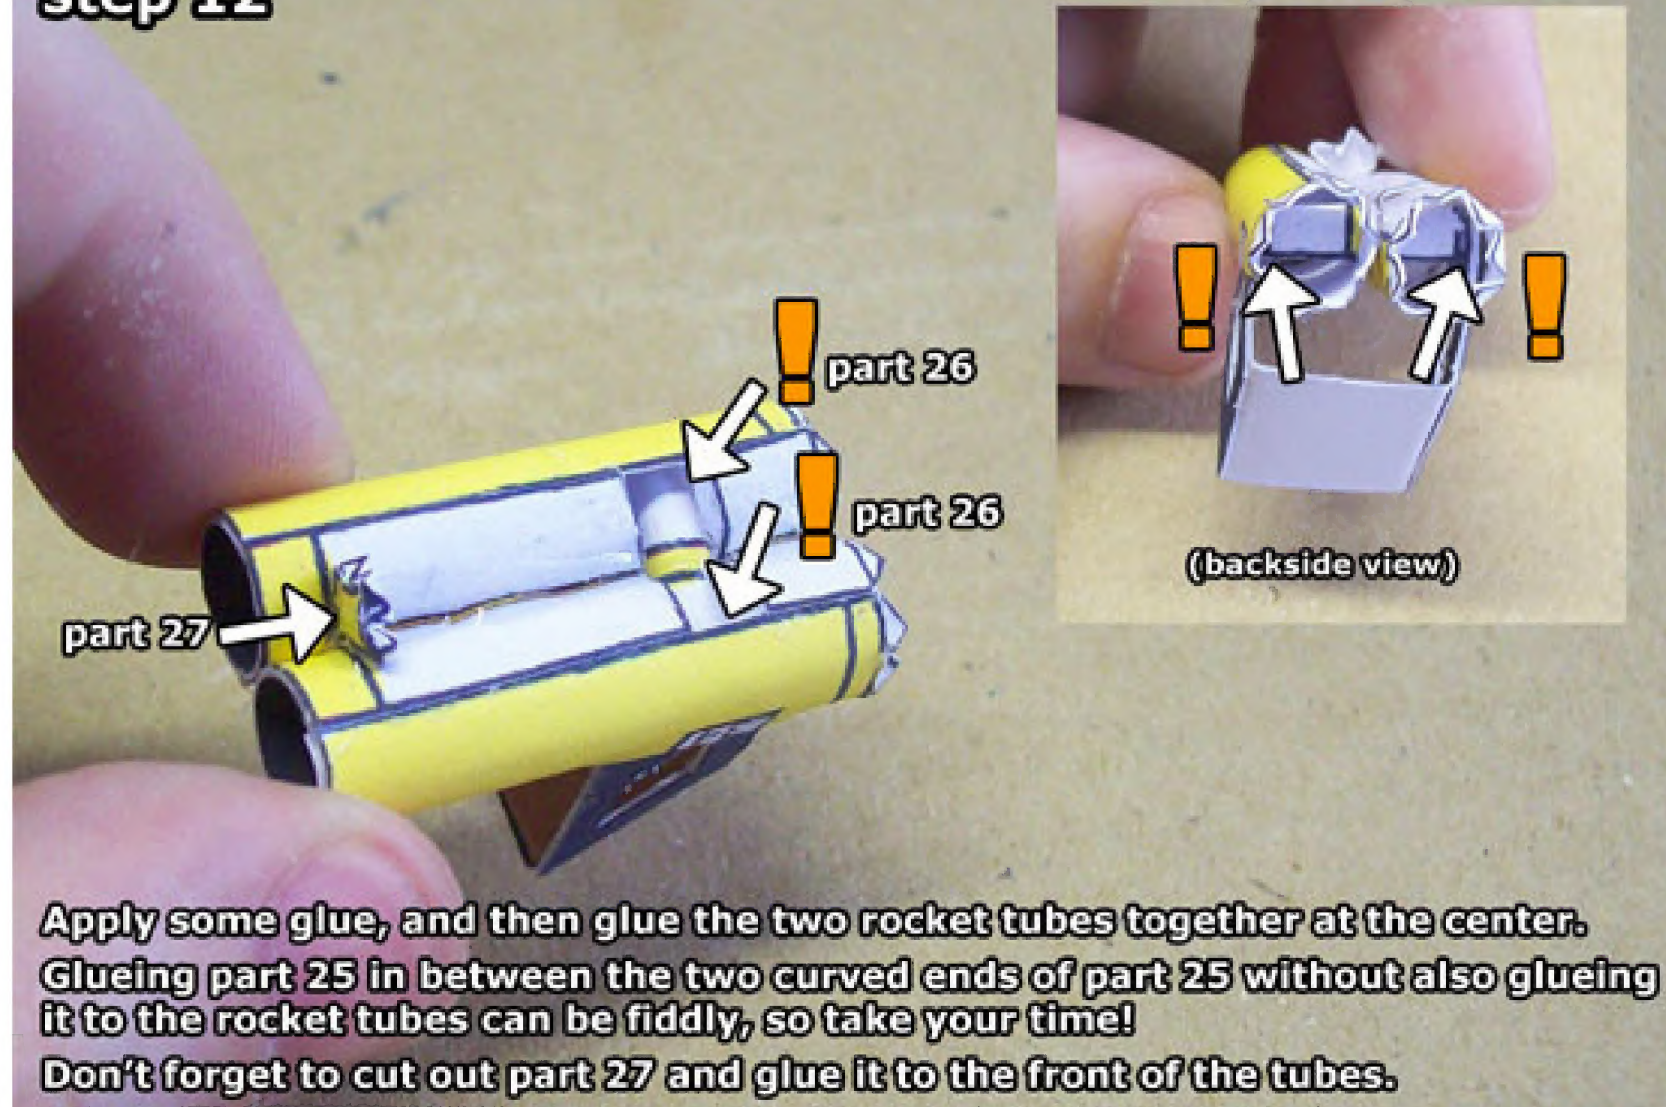

step 10

step 11

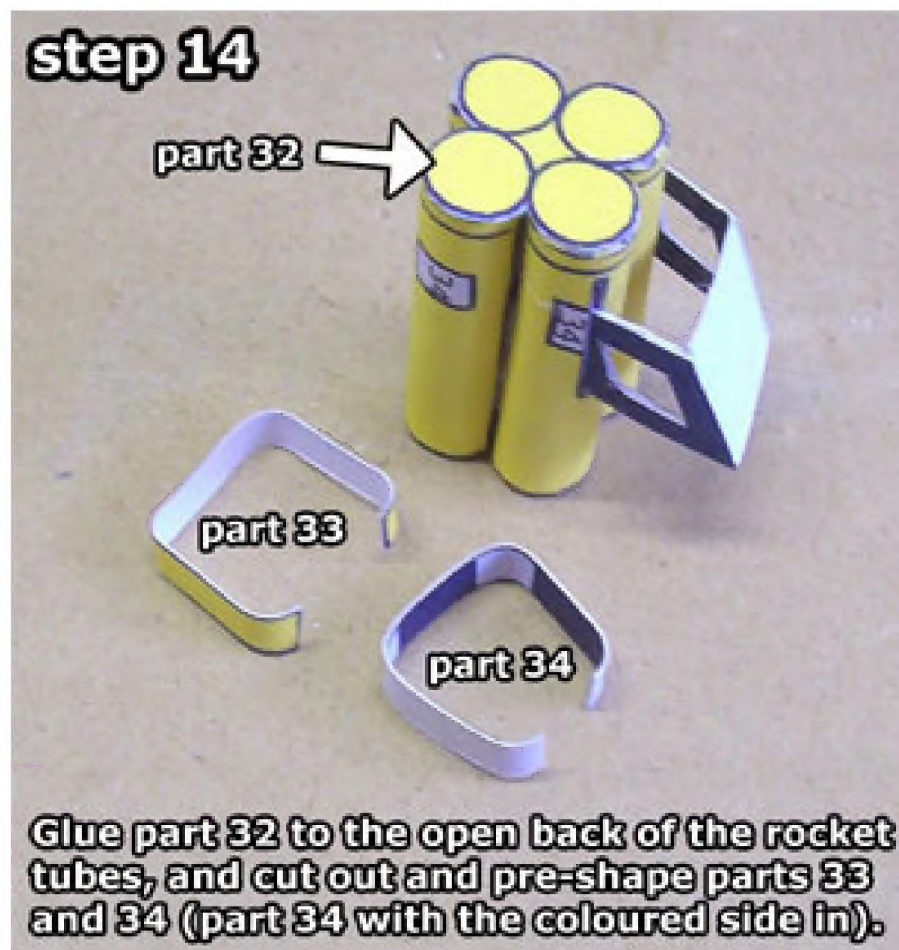

step 12

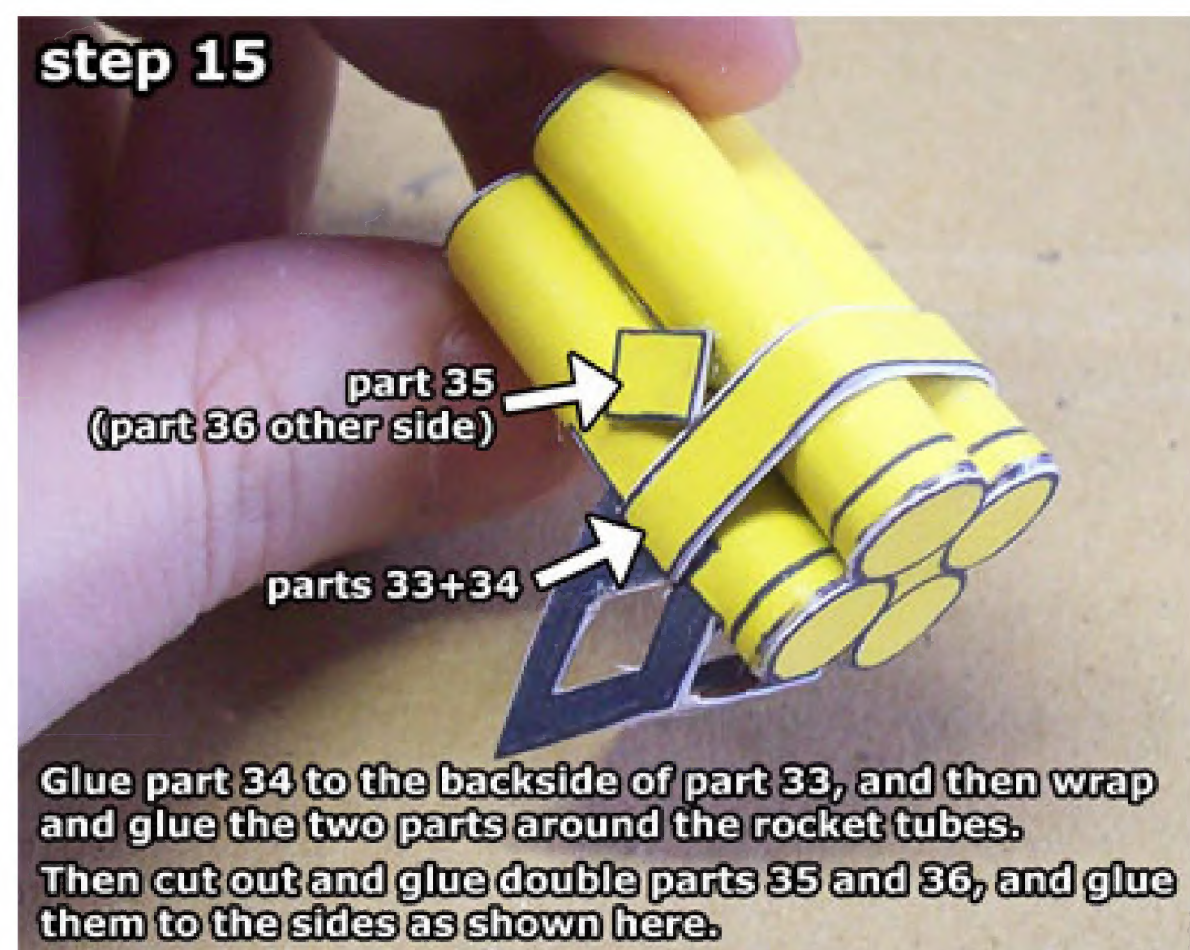

step 13

step 14

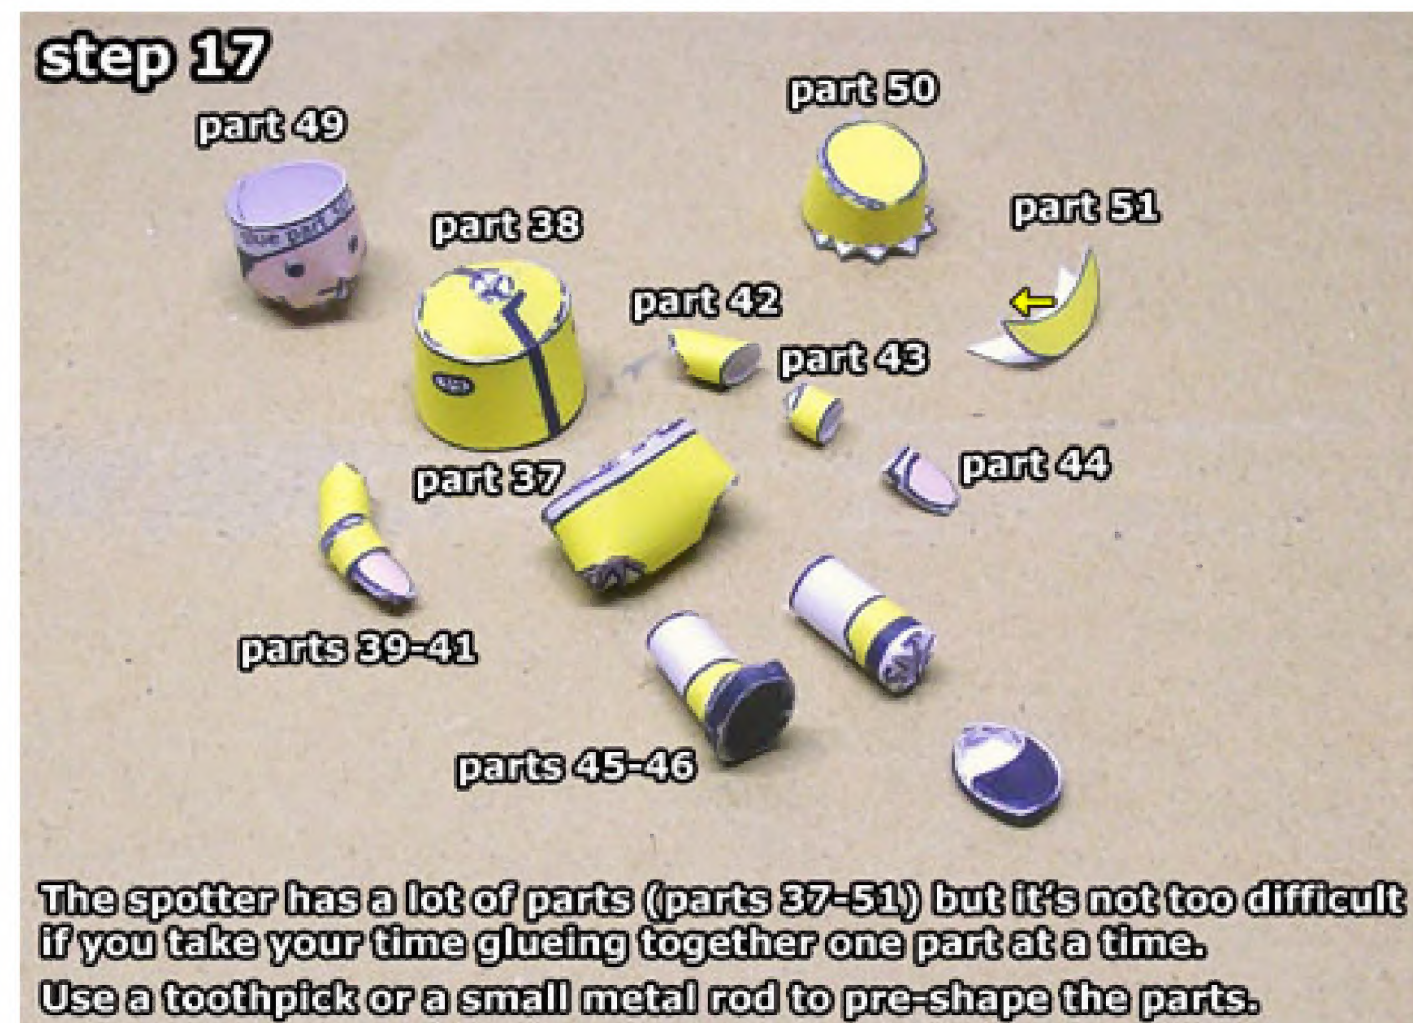

step 15

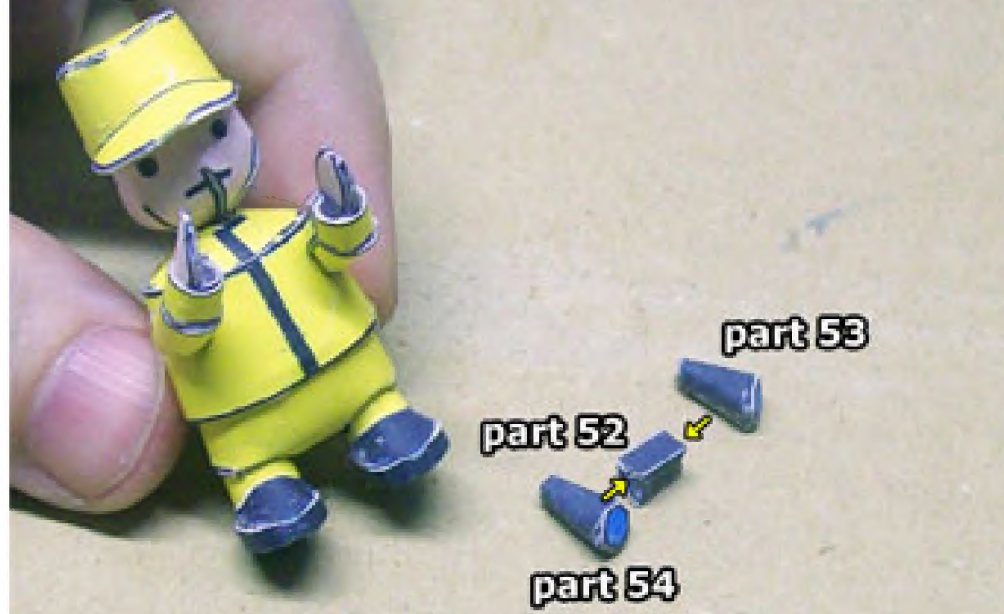

step 16

step 17

step 18

With all the parts glued together, the spotter should look like this.
Now cut out and assemble parts 52-54 and glue them together...

step 19

Yellow Comet Rockets

...and then glue them between the hands of the spotter.
Thank you for building a Ninjatoes' papercraft model!
